EQUALITY AND DIVERSITY POLICY

1.0 AIMS OF ST EDWARD'S SCHOOL

The school aims to achieve a happy fulfilled community within which:

- lively faith and Christian values permeate all that is done;
- the unique qualities of each individual are appreciated and nourished so that potential is fully realised;
- excellence is energetically pursued in all aspects of school life;
- and from which young people are able to live rich, satisfying lives with the desire to witness and contribute to society.

2.0 INTRODUCTION

At St Edward's, we work together to provide a safe, caring and stimulating environment, where everyone feels valued, is encouraged to develop positive self-esteem and to meet their potential. We recognise that all members of the school community are unique individuals, created in the image of God, and are entitled to equality of opportunity and continuing support to enable the realization of their fullest possible intellectual, spiritual, moral, personal, physical, creative and social development. The purpose of the Equality and Diversity Policy is to have clear guidelines to make this happen.

We aim to promote a positive understanding of diversity and provide a framework to ensure that all people are treated with dignity and respect. St Edward's has relatively few families with disabled members, or from areas of deprivation. Therefore we provide experiences to prepare pupils for a life in a diverse society. We recognise that discrimination of any nature is both damaging for the individuals who are subjected to it and for the school as a whole because it prevents people from working to their full capabilities.

This policy gives full regard to equal opportunities in the light of its statutory responsibilities under the Sex Discrimination, Disability Discrimination, Race Relations and Race Relations Amendment Acts, and the sexual orientation and age regulations.

At St Edward's we think that equal opportunities should permeate all aspects of school life, and this equality is the responsibility of every member of the school

community. The implementation of the policy is the responsibility of all individuals within the school community. The responsibility for keeping the issue of equal opportunity at a high level of priority at all times and in all areas is the duty of the Senior Leadership Team.

In the context of the school the most appropriate definition is that:

- equal opportunity is the right of everyone to equal chances;
- each individual is respected for who they are, with difference being respected and celebrated.

This definition seeks to underline the school's values and commitment to tackling discrimination and providing equality of opportunity to all.

6.0 LEARNING ENVIRONMENT

6.1 At St Edward's everyone is made to feel welcome:

- the displays around the school are of high quality and reflect diversity;
- our planning takes account of the differing needs of pupils and their progression;
- there are high expectations of all pupils regardless of age, gender, ethnicity, ability or social background;
- all pupils are encouraged to improve on their own achievements and not to measure themselves against others. Parents are also encouraged to have this view;
- the adults in the school provide good, positive role models in their approach to all issues relating to equality of opportunity;
- the school places a very high priority on the provision for special educational needs and disability. We aim to meet all pupils' learning needs including the more able;
- we provide an environment in which all pupils have equal access to all facilities and resources;
- a range of teaching methods is used throughout the school to ensure that effective learning takes place for all pupils;
- we believe that home languages should be celebrated and respected;
- when preparing groups for various activities, consideration is always given to the composition of the group, to provide a balance appropriate to the activity;
- learning experiences across the curriculum will be inclusive and will actively include learning and resources that reflect the diverse society in which we live;
- all children will be supported through appropriate action and the provision of appropriate resources taking account of the different needs of pupils.

6.2 We aim to provide first hand experiences for the pupils to encounter people from other cultures. Within our Christian ethos we aim to provide good quality resources and materials that reflect "the reality of a diverse society". We aim to:

- show positive images of males, females and people with disabilities in society;
- reflect non-stereotypical images of all groups in a global context;
- include materials to raise awareness of equal opportunity issues;
- be equally accessible to all members of school community;
- be consistent with health and safety;
- our materials seek to promote all areas of equality and will not include explicitly and implicitly racist, sexist, homophobic or ageist materials. .

7.0 LANGUAGE

We recognise that it is important that all members of the school community use appropriate language which, for example:

- does not transmit or confirm stereotypes;
- does not offend;
- creates and enhances positive images of particular groups;
- creates the conditions for all people to develop their self esteem;
- uses correct terminology in referring to particular groups or individuals, e.g. 'Inuit' rather than 'Eskimo'; 'Native Americans' rather than 'Red Indians'.

8.0 EXTRA-CURRICULAR PROVISION

We provide equal access to all activities. We will ensure that all members from outside organisations who have contact with children adhere to these guidelines.

9.0 STAFFING AND STAFF DEVELOPMENT

We recognise the need for positive role models and distribution of responsibility among staff. This includes pupils' access to a balance of male and female role models, as far as is possible, at both key stages.

We undertake to encourage the career development and aspirations of all individuals. It is our policy to provide staff with training and development bringing awareness of the needs of different groups of pupils in the various dimensions of equality of opportunity.

10.0 PARENTS AND THE WIDER COMMUNITY

We aim to work in partnership with parents to help all pupils to achieve their potential. We wish to affirm our continuing commitment to reach out to other diverse groups within our immediate community and beyond.

11.0 MONITORING AND REVIEW

Equality of opportunity is identified as an area requiring careful and ongoing monitoring.

The Senior Leadership Team is responsible for co-coordinating the monitoring and evaluation of the policy and will be responsible for:

- leading discussions in designated staff meetings which will include support staff, to discuss issues of equal opportunities within the school community;

- working closely with the Governing Body.

Monitoring the following will enable the school to see where equality of opportunity needs to be more intensely focused:

- the curriculum will be monitored to ensure there are a variety of learning activities that reflect the society in which we live;
- SATs results;
- participation in extra-curricular activities;
- exclusions;
- continuous assessment of children's learning. (Any disparities in the attainment and progress of any particular groups will be investigated and action taken);
- racist, sexist and unacceptable behaviour incidents;
- results from screening for specific learning needs;
- attendance;
- the staff recruitment and selection process is monitored and reviewed to ensure that discrimination is not taking place (as a church voluntary aided school it is legal to discriminate on religious grounds when recruiting);
- leadership and teaching staff and other staff members where governors can prove that the post has a genuine occupational requirement) and to identify examples of good practice;
- instances of harassment will be dealt with quickly and effectively;
- racist/gender based language, or other actions which cause offence, will be challenged and recorded;
- the school will eliminate all practices which discriminate unfairly between pupils, staff, parents and governors
